arte na forma

Prático na função
Preciosismo no detalhe
Excelência de um todo

**Art in shape, Practical in the function
Preciosity in detail, Excellence of a whole**

**Art en forme, Pratique dans la fonction
Préciosité en détail, Excellence d'un tout**

Search, test, create and detail, so that everything fits together and works as a whole without nothing being done by chance to the smallest detail.

Choosing colors, textures, raw materials, perceiving how they fit with the architecture and decoration of this or that space is our method of work and it is in him that we believe in it.

Thus we present a range of creative products ranging from ceiling lighting, floor lamps and bedside table, which perfectly fit the modern lines of interiorarchitecture.

Recherchez, testez, créez et détaillez, afin que tout s'insère et fonctionne comme un tout sans que rien n'ait été fait par hasard dans les moindres détails.

Choisir des couleurs, des textures, des matières premières, percevoir comment elles s'adaptent à l'architecture et à la décoration de tel ou tel espace est notre méthode de travail et c'est en lui que nous y croyons.

Ainsi, nous présentons une gamme de produits créatifs allant de l'éclairage au plafond, lampadaires et table de chevet, qui s'adaptent parfaitement aux lignes modernes de l'architecture intérieure.

Being aware of the constant changes in the market and the constant need to innovate, D.LIGHT creates partnerships with Architects, Designers, Decorators and other professionals who wish to develop projects with exclusivity.

So, if you have a new commercial, housing project, if you are going to remodel a space and need to materialize your ideas and projects according to your client, contact us as we will be your partner throughout the process.

Conscient des changements constants sur le marché et du besoin constant d'innover, D.LIGHT crée des partenariats avec des Architectes, Designers, Décorateurs et autres professionnels qui souhaitent développer des projets avec exclusivité.

Donc, si vous avez un nouveau projet commercial, si vous voulez remodeler un espace et avoir besoin de matérialiser vos idées et projets en fonction de votre client, contactez-nous car nous serons votre partenaire tout au long du processus.

D.LIGHT DESIGN

Pesquisar, testar, criar e detalhar, para que tudo se encaixe e funcione como um todo sem que nada seja feita ao acaso até ao mais pequeno pormenor.

Escolher cores, texturas, matérias-primas, perceber a forma como se adequam com a arquitectura e decoração deste ou daquele espaço é o nosso método de trabalho e é nele que acreditamos.

Assim apresentamos uma gama de produtos criativos que vão desde a iluminação de tecto, candeeiros de pé e mesa de cabeceira, que encaixam na perfeição nas modernas linhas de arquitectura de interiores.

D.LIGHT PRO

Estando atentos às constantes mutações do mercado e contínua necessidade de inovar, a D.LIGHT cria parcerias com Arquitectos, Designer, Decoradores e outros profissionais que pretendam desenvolver projectos com exclusividade.

Assim, se tem um novo projecto comercial, habitacional, se vai remodelar um espaço e necessita de materializar as suas ideias e projectos à medida do seu cliente, contacte-nos pois seremos o seu parceiro em todo o processo.
